

Vijaykant More - Write Up

Vijaykant More is a qualified HSE & Quality professional with 25 years of experience in automobile, engineering, and oil & gas industry. His mission in life is to experience fulfillment through devotion by his consistent contribution in the area of HSE. He worked with companies like General Motors, Bajaj Auto, Atlas Copco, and Givaudan. Currently, he is heading Quality and HSE functions for Oerlikon Surface Solutions for APAC.

In his career, he has contributed as a member of global HSE and quality committees in Atlas Copco and Oerlikon. He also contributed in establishing HSE strategies which are implemented globally. He is currently also a member of the executive management team of Oerlikon India. In his career, he has contributed to challenging construction projects. He also has hands-on experience in safety culture transformation within the operations of several factories.

He is the founder of ShubhLife EHS Forum, India. This forum was established in 2016 with a mission to contribute to the development of HSE officers, construction and contractor safety improvements, and helping students from rural areas. This is a social network of EHS professionals. This forum is now in 5 cities and has over 500 members. ShubhLife has conducted several trainings and trained over 100,000 students. More than 300,000 construction labourers and staff have benefited from the activities.

Vijaykant has conducted 40 workshops since 2016 in which over 2000 HSE professionals participated. Vijaykant has also coached 40 HSE professionals and helped them to improve their competence. ShubhLife as a team is truly making a great contribution in safety culture transformation. Vijaykant's contributions are recognized as he was given the prestigious Vocational Safety Excellence Award 2018 by the National Safety Organisation.
